Why 177 Million People Worldwide Choose Credit Unions

On October 15, credit unions members around the world will join together to celebrate International Credit Union Day. This year’s theme: Your Money. Your Choice. Your Credit Union.

Do you remember why you chose School District 3 FCU to be your financial services provider? It may be among many reasons shared by the 177 million people in 96 countries who have also chosen credit unions, but it most likely has something to do with the common philosophy of people helping people.

Unlike most other financial institutions, credit unions are not-for-profit, democratically controlled, volunteer-run, member-owned cooperatives. They exist to serve their members, and that level of service remains high even during even the toughest times.

This year’s theme celebrates the advantages of credit union membership. Value, trust and service are just some of the many benefits of being a credit union member. You are in charge of your money and your credit union.

At SD3FCU, we are proud of our heritage as a cooperative financial services provider and our connection to the 49,000 credit unions worldwide. Help us celebrate on October 15th with those wonderful cookies baked by Nutrition Services, a coloring page for kids and lots of **PRIZES!!** Check out our website www.sd3fcu.org for more information.

Beware of Text-Messaging

Unethically creative identity thieves have a new trick up their sleeves: sending text messages to your cell phone as if they were a financial institution and asking you to 'confirm' your account number, PIN, or other pieces of information.

As a member of SD3FCU, you should know that we will never ask for your personal information by email or text messaging. NEVER give information that is private and confidential over your cell phone's text feature, and don't call the 800 number that spam text messages ask you to call. Here are other steps you can take to ensure that you don't become an identity thief's next victim:

- * Be careful when asked for your telephone number. Giving your phone number in response to contests or online promotions can lead to unwanted calls and messages.
- * Never respond to unsolicited text messages - it only lets the sender know they've reached a working number and may lead to more messages in the future.
- * Consider blocking all text message services from your phone. While this may be somewhat inconvenient if you like texting your friends, it will protect you from this growing form of identity theft.
- * Be cautious about the services you subscribe to.
- * Be wary of urgent messages that request personal information.
- * Report any messages that seem 'too good to be true' or advertise illegal items to your local consumer protection agency.

Many unsolicited electronic ads and scams originate overseas, often making it extremely difficult to track the individuals who are responsible. Take initiative and protect yourself by never responding to spam text messages.

Shop From a List

When getting ready for the holidays, shop from a list to avoid impulse purchases that could leave you snowed under in debt at the end of the season.

FUNDS TRANSFERS...WIRE OR ACH?

There are basically two systems for sending funds transfers in the US. The wire transfer system has been around a long time, but the newer ACH system is much larger and rapidly growing.

So what's the best way for you to send money electronically? Wire transfers are primarily designed for same day high dollar transfers and the new cut off time is 1 p.m. ACH transfers are more common for sending smaller amounts that can wait a day or two or recurring entries with fixed dates and amounts, such as loan payments. And it's much cheaper.

We will begin offering the ACH transfer service this quarter. Contact us if you have a need for this service.

Updated Fee Changes

SD3FCU works hard to minimize operating expenses in order to pay members the highest deposit rates and offer the lowest loan rates possible. Operating expenses have risen every year and your credit union has not increased fees since 2006. If you compare our rates and fees to other institutions here's what you'll find.*

	NSF	Dormant	Cashier Ck	12 mo CD
Ent FCU	\$25	\$5 mo	\$2	1.54%
Chase	\$32+	\$10 mo	\$5	.25%
Air Ac FCU	\$30	\$5 mo	\$2	1.34%
Peoples	\$30+	\$10 mo	\$5	1.19%
SD3FCU	\$25	\$5 mo	\$1	1.55%

As you can see, SD3FCU fees are at or below other institution's fees and our rates are better! Your membership in SD3FCU is a good investment.
